The Real Food Challenge is a national campaign that unites and empowers students and their allies to create a food system that truly nourishes people, communities, and the earth.

I. Writing 39C

- a. Kelsey & Tova gave a presentation for the Real Food Challenge at a Writing 39C class last week. It went really well! The students were engaged, and we had a lively discussion about the economics of “real” food.
- b. Alex N. is going to give another presentation **next Tuesday (Oct. 27)** from **3-4:30pm**. She’s looking for another facilitator, so contact her if you’re interested.

II. Weigh the Waste

- a. Every year, UCI Dining hosts educational events where students volunteer to weigh the food waste in freshmen dining halls and educate students about waste reduction.
- b. This fall, the event will be on **November 2** at **4:30-7:30pm**. They’re looking for volunteers! Contact Kelsey if you’re interested.

III. Garden Campaign

- a. The garden campaign had their first meeting last week, and it was a big success! They came up with a lot of great ideas and next steps.
- b. The next meeting will be **Thursday, Oct. 22** at **8pm**. Meet by the ATMs in the student center, and we’ll walk down to the study rooms together.

IV. Food Systems Working Group

- a. We’re forming a working group of students, staff, and administrators to draft a document about how we’re going to meet the goals of the new UC Policies on Sustainable Foodservice.
- b. If you’re interested in learning more about the group or submitting your ideas for how to get more “real” food on campus, contact Colin or Kelsey.
- c. Kelsey meets with dining administrators every Thursday at 10am about the working group and other student projects. If you’re interested in joining her, let her know! It’s a great way to build relationships with dining administrators.
